SST Solve-A-Problem – Junior
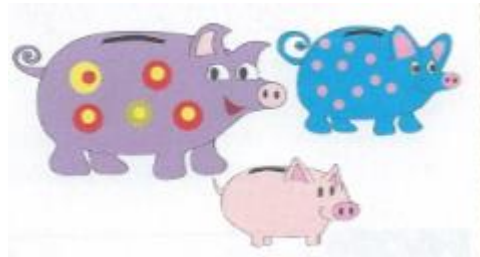

Put in the numbers so the story makes sense.

7		9

Jason is younger than Rose.

Rose is _____ years old.

Jason is _____ years old.

SST Solve-A-Problem – All

Three children saved up their pocket money. Sam saved €14, Molly saved the number that comes after €14 and James saved the number that comes before €14. Who saved the most money??

SST SOLVE A PROBLEM –CHALLENGE

The serial number of my phone is a 4 digit number less than 5000 and uses the digits 3 ,4, 6, and 9.

The 4 is next to the 9, the 3 is not next to the 4 and the 6 is not next to the 3.

What is the number ???
