# SST Solve-A-Problem – Junior

Anne has 6 lollipops, Sue has 4 lollipops and Kate has 1 lollipop,

how many altogether??

SST Solve-A-Problem – All

Kelsey loves to count. One day Ms Martin put a pile of cubes on Kelsey's desk. Kelsey began to count the cubes. She told Ms Martin the following facts about the cubes:
When I count the cubes by two I have one left over.
When I count the cubes by three I have one left over.
When I count by five I have none left over.

From this information can Ms Martin work out how many cubes Kelsey has?
