SST Solve-A-Problem – Junior

What is the fifth letter of the alphabet??

SST Solve-A-Problem – All

Cutting Wood

It takes James ten minutes to cut through a log of wood.

How long will it take James to cut the log into ten equal pieces if he continues to cut at the same speed?

_____ minutes

Hint: draw the cuts on the log of wood. Don't rush this one!

SST SOLVE A PROBLEM – CHALLENGE

I am a two digit number. When I am divided by 2, 3, 4, or 5 there is always a remainder of 1.

What number am I??
